Cultural Contribution to Child Care

- Care of the mother / spouse
- Provision of basic needs
- School focus - informal
- Play - advert "dirt is good"
- Childhood was considered a happy idyllic period of life
- Children were not thought to suffer from mental or emotional problems because they were spared the stresses that adults face

Scanned with CamScanner

Cont....

7) Pervasive Developmental Disorders

- Autism
- Rett's
- Childhood Disintegrative Disorder
- Asperger's Disorders

8) Disruptive Behavior Disorders

Attention Deficit Hyperactivity Disorder

Conduct Disorder

Oppositional Defiant Disorder

Scanned with CamScanner

Feeding and Elimination Disorders

- Pica (non-nutritive subst)
- Rumination disorder (Chewing & regurgitation)
- Anorexia Nervosa - Psycho-endocrinological - starve to death
- Bulimia Nervosa - Binge eating, loss of control
- Encopresis - Stool in odd places
- Enuresis

Scanned with CamScanner

Tic Disorders

- Tourette's - high comorbidity with ADHD, OCD
- Chronic motor or vocal tics

Scanned with CamScanner

Functional Psychiatric Disorders

- Anxiety disorders
- Bipolar mood disorders
- Unipolar mood disorders
- Psychotic disorders

Scanned with CamScanner

Anxiety Disorders

- Separation Anxiety Disorder
- Social phobias - Selective Mutism
- Performance Anxiety
- Generalized Anxiety Disorders

Scanned with CamScanner

Bipolar I Mood Disorder

- Manic episode some relation with ADHD

<u>Major Depression</u>

- Tends to be atypical
  - Mood
  - Activity

Scanned with CamScanner

Schizophrenia

- Starts in early childhood
- VEOS < 11 years
- EOS > 11 years
- 5 types
  - Catatonic
  - Paranoid
  - Disorganized
  - Undifferentiated
  - Residual

Scanned with CamScanner

Somatization Disorders

- Physical symptoms but no organic basis "*hapa na hapa*"
  - Pain
  - GIT
  - Neurological

Symptoms

Scanned with CamScanner

Conversion Disorders
