## COVERING REPORT

This is a case of Murder contrary to section 203 as read with section 204 of the penal code.

The brief circumstances surrounding this case this case are that on 2<sup>nd</sup> day of December 2008 at around 8.30 pm the deceased one Miriam Njambi Kinani left her sister's (D-2) house at Makongeni estate phase 10 to proceed to her residence in Ofafa estate. Instead she went to her ex-boyfriend's house (D-1) situated at Makongeni phase VI plot No. 182 where she found the accused Mary Wanjiru Nguru as D-1 had gone out on duty. A brief argument ensued between the accused and deceased before the D-1 came in whereby he found the deceased seated in a sofa set and the accused person standing behind her with her hands crossed on the chest. The deceased then again picked a quarrel with the accused and immediately the accused descended on the deceased and stabbed her on the chest. The deceased called her ex-boyfriend name (D-1) as she touched where she had been stabbed as she leaned forward. The accused person then stabbed her at the back again.

D-1 then quickly moved forward and managed to grab the kitchen knife from her and threw it down as he punched and kicked her which made her fall on the floor. The deceased had already fallen on the ground with blood oozing vigorously from her body. The D-1 tried to hold the deceased and he got confused and screamed for help. D-3 and D-4 who are neighbours from the next doors came for assistance as D-1 rushed out to get a taxi. When they asked the accused person what had happened, she admitted that she was the one who stabbed her.

Moments later D-1 came with a taxi and was assisted by D-1 and D-4 amongst others to carry the deceased but as they reached at the plot gate, they realized that she had already passed on. Then D-1 who looked confused when he saw what had happened he disappeared from the scene as the area community policing security men under the command of D-5 took over. They informed the police officers about the incident and freed the accused person from the wrath of mob who had started beating her. She confessed to D-5 that she was the one who stabbed the deceased dead and gave the murder weapon to him.

Later on the police under the command of the Officer commanding Makongeni Police Post (D-7) arrived at the scene, interrogated the suspect who also confessed that she was the one who stabbed the deceased. Scene was photographed, accused person arrested, murder weapon (a kitchen knife with blood stains) recovered and body removed to Thika District mortuary. The accused person was escorted to Makongeni Police Post where she was charged with the offence.

On 3<sup>rd</sup> December 2008, D.C.I.O Thika Mr. Sunkuli SP instructed Cpl Nzive, PC Oteba and PC Guyo to take over the matter where the body was transferred from Thika District mortuary to Bishop okoye. Scene was revisited and statements recorded. On 5<sup>th</sup> December 2008 the suspect was taken to Thika District Hospital for mental assessment whereby she was examined by DR. Karau and found to be of good mental condition. Post mortem was done on 9<sup>th</sup> December and cause of death was found to be due to excessive loss of blood. Blood samples were taken for comparison against the murder weapon at Government Chemist.

### TRANSLATION

I am the above named person a kikuyu by tribe aged 20 years and a resident of Makongeni phase VI plot no 182.

I recall on 2<sup>nd</sup> December 2008 at around 8.30 pm I was deep asleep when I heard a knock at my door. I thought it was my husband John Wainaina who was knocking but when I opened the door I was met with a face of one unknown lady who all over a sudden held me by my neck. She told me that she had come for me, I told her to calm down and I offered to sit down where she agreed to sit. I told the lady I should call my husband to come where she objected. She told me that she also had a phone and she also could call him. I told her to give me time to change into good clothes since I was in a night dress. I went inside the bedroom and changed and found the lady holding a knife in her hand waiting to stab me. I took a bag that was in the house to defend myself with, I knocked the lady down and then held her hand which was holding the knife we wrestled for sometime and as we wrestled, the lady fell on the knife where she was seriously injured on the chest. As we wrestled my husband arrived and found the lady profusely bleeding. My husband called a taxi and when then taxi came, the lady was already dead and the lady was not taken to the taxi.

After sometime police officers came and removed the body while I was arrested. I wish to state that, that was not the first time for her to come to my house. She came earlier on to see who had been married by my husband and told me that she would come again. Later on I shifted from first to 5<sup>th</sup> door. I also wish to state that I never knew the deceased.

That is all I can state.

STATES AS FOLLOWS

I am the above named person a Kikuyu by tribe aged 27 years. I am a motor vehicle mechanic at Kimilili Garage near Elijah Kagiri AIPCEA church.

I remember on 2<sup>nd</sup> day of December 2008 at around 7.30 pm I was in my residential place when I was called by my customer namely Mr. Njenga who informed me his motor vehicle had developed a mechanical problem at J.J bar and he needed my assistance. I immediately proceeded there leaving my newly married wife in the house. I went back to my house at around 9.00 pm when I found my wife one Mary Wanjiru standing with her hands crossed at the chest while standing behind the sofa set and my ex-wife one Miriam Njambi seated on the sofa set in front of her. When I entered the room, they were not talking to each other but immediately after I got in my ex-wife Miriam Njambi told my wife Mary Wanjiru "Hii ni jasho yetu" meaning "this is due to our hard working". My wife responded to her that "Hii pia ni mali yetu" translated that was also their property.

Immediately after my wife Mary Wanjiru responded to her, she descended on Miriam Njambi and stabbed her right chest. She called my name as she bend, touching the place she had been stabbed. I quickly moved forward to get hold of wife and grab the kitchen knife from her but she quickly her again on her right shoulder. I immediately took the kitchen knife from my wife, threw it down and punched her twice and also kicked her whereby she fell on the cooking stove. I then raised alarm and two ladies who are my neighbours came in for assistance as I rushed out to get a taxi. I luckily got one at security office which is about 100 metres and we got back we found the ladies trying to render first aid to her. We tried to take her out to where the taxi was parked but outside the plot, she breathed the last sigh and passed on. When it was confirmed my ex-wife was dead I got scared and ran away, leaving the assailant in the house. I escaped to Muchetha area in Ithanga at a residence of my customer namely Daniel Kjilu. When I explained to what had happened, he advised me to go back and make the report since I was not the one who had killed Miriam Njambi and also the act was done inside my house. The following day I got back to Thika and since I was afraid to present myself alone to the police station, I was accompanied by my friends Mr. Nduati and Molo at my request to makongeni police station where I was booked under the instructions of the OCS, since the case was being investigated by CID officers.

I wish to state that I got married to the deceased Miriam Njambi in the year 2006 until February 2008 when I left her and hired a house at makongeni from ofafa where we were staying. I used to go to her house at her request and spent the night with her until I got married to Mary Wanjiru about two months ago. Miriam Njambi the deceased had come to my house about three weeks ago and a quarrel with my wife but she was chased away by the other plot mates. I since then shifted from that room to a bigger one within the plot.

I also wish to state that the kitchen knife with police officers which was used by my wife to stab Miriam Njambi belonged to my house. I also wish to state that I saw my wife Mary Wanujiru stab Miriam Njambi twice and since it came as a surprise to me, I tried my best to prevent her from stabbing the deceased but it was too late for me.

That is all I can state at the moment.

STATES AS FOLLOWS

I am the above named person a kikuyu by tribe aged 36 years, married with children.

I remember on 2<sup>nd</sup> day of December 2008 at around 8.30 pm when my late sister one Miriam Njambi who had been sent to my house by my husband to bring meat and milk, left my house to go to her residence. Yesterday at around 9.00 am I received a call from a friend who told me that my late sister had been stabbed with a knife and she was in hospital. I immediately went to my husband's shop where she was working and found her co-worker crying then I suspected Miriam was dead. I cried for about one hour and after being consoled by friends, we waited for my father, sisters and brothers and after they all came we proceeded to Thika Divisional CID Headquarters where we made the report at around 2.00 pm.

We were accompanied by a police officer to Thika District mortuary whereby we requested for the body to be transferred to Bishop Okoye mortuary. I checked the body and I saw that she was stabbed at her chest and there was a lot of blood stains all over her body. That evening we went back to CID office whereby we were accompanied by three officers to Makongeni estate where the murder occurred.

### STATES IN ENGLISH

I am the above mentioned person and a house wife. I reside at Makongeni in a plot which has nine occupants.

I do recall on 2/12/2008 at about 21.30 hrs while inside my house which is a single room, I heard a knock and the door open and close to house No.5. The house belongs to a man known to me as Wainaina where he lives with a woman whom I presume is his wife known as chiru. I then heard the voice of another woman known as Njambi saying she had gone to collect what belongs to her. She does not reside in our plot. She had on another occasion came to the same house and quarreled Wainaina's wife. I heard Wainaina's voice but it was not audible. Then his wife interjected and told him and Njambi to get out of the house and talk there. I heard their door get opened and sensed that a fight may erupt. I also got out of my house where I saw Njambi fall down inside that house. At first I thought she had been pushed down but then I noticed blood oozing from her body. She tried lifting her head but it slumped on the floor. Wainaina initially wanted to grab his wife but then changed his intention. He called Njambi three times and when he got no response he screamed. He reacted in a confused manner urging us to get a car which could ferry Njambi to hospital. I and Wainaina then lifted this woman to the entrance of the plot. Curious people had already gathered at our plot including the estate's vigilante group. They all said Njambi was dead and police should be called. All this time chiru was quiet but she informed the vigilante security group that she was the one who had stabbed Njambi and the knife was inside the house. Later the police came, the body of the deceased was removed, chiru was arrested and the knife also recovered.

I am the above named person a Kikuyu by tribe aged 37 years single with children. I work with Delmonte as a seasonal worker and resides at the above estate.

I wish to state that on 2<sup>nd</sup> day of December 2008 I was asleep when I heard my neighbour at room number 5 scream for help. I woke up and opened my door and saw a lady lying down with blood oozing from her body at my neighbour's room No. 5, since the door to the room was wide open. Another neighbour a lady from next door No.4 known to me as Lucy was already outside her door.

She told me to go and assist the lady who was lying down as the one who stays in that room was standing at the door and she told us that she was the one who stabbed her. I got holds of one hand as Lucy tried the other hand but we could not lift her. She was already unconscious and blood oozing vigorously from her chest. I left her when I found that I could not assist and rushed out and I accompanied the rest of the plot mates to where the chairman of the security Mr. Mulwa was. When I came back then I found the lady who had been stabbed had been removed outside the plot and she was already dead. The lady who had stabbed dead the deceased had already been confined by security of the area outside until police were called.

I wish to state that the assailant was staying in that room No.5 with the man who called for assistance and I had seen her for a month. Later after the police arrived I excused myself and went back to my house. I was requested to record my statement to that effect. I also wish to state clearly that the assailant when what happened she told us that she was the one who stabbed the deceased.

That is all I can state at the moment.

I am the above named male adult aged forty six years (46) married with six children. I am currently the Chairman of the Community Policing at Makongeni phase VI plot 203.

I remember vividly on the 2<sup>nd</sup> day of December 2008, at around 9.30 pm two men came to me at my office, one by the name of Kasyoki who lives in plot No. 182 Door 8. They informed me that somebody has been stabbed in a house and requested for a Taxi to take the patient to hospital.

I then had no time to visit the said scene of murder because life was at risk but immediately sent my guards to the alleged scene and I went straight to plot 134 and called the Taxi man. As I was standing at the said plot Kasyoki rang me again and told me to leave it because the patient had already passed on.

I did not leave the Taxi man and both of us came to plot, scene of murder and found the dead person was at the main gate of the plot. I requested to see who committed this crime and I was shown by members of the public the accused one lady by the name of Mary Wanjiru Nguru who was near the main gate. She lived in a house No.5 of the same plot, she was being beaten by mob but with the assistance of my guards, we were able to repulse the mob. Afterwards I rang O.C.P.P Salim's No who said he was coming and the area chief. After some couple of minutes Salim came with one of his officers in a Peugeot of civilian Number plate.

(B-57)

From there they went into house No. 5 where the offence was committed. I accompanied the officers in the house where I had already collected the kitchen knife prior to officers coming because the accused gave me the knife before even the officers came. The officers quizzed the suspect in front of us as to why she killed. She confessed that the dead lady has been there prior and that she had trailed her to her house and that she wanted to snatch her husband away from her.

We interrogated her and she brought the handbag of the deceased, containing the ID card, Equity card's pulse and other valid documents and some cosmetics which was collected by the officers.

I wish to state that the two reportees who were looking for taxi at our office are Kasyoki and Wainaina who is said to be the husband of the accused. I did not see him again after the patient was pronounced dead owing to shock and ran away for his dear life. At the gate where the body was lying the officers searched for cell phones and other documents relevant to the case but no cell phone was found.

After recovering the ID card and other documents, the OCPP rang the post police and a landrover came and collected the body to mortuary for storage.

I am the above mentioned police officer and currently attached to Crime investigation office.

I wish to state that I recall very well on the 2<sup>nd</sup> day of December 2008, I was assigned duty as a crime stand by for the day and night of the day. On that day Sgt Yusuf was the duty officer while our driver was PC Mohammed. At around 10.00 pm the driver was called through the phone by the officer in charge IP Salim and informed that we join to visit a scene of murder at Makongeni estate. We went and picked Inspector Salim in his house.

We proceeded to phase six plot 182 and on arrival we found members of the public gathered outside the plot. One lady was seated next to another one laying (deceased) and a lot of blood oozing from the abdomen. We noticed that she was already dead, we entered into the plot and followed blood drops which led us to room No.5 of the said plot where we found a lot of blood and established that the room belonged to the accused lady who was seated being held by members of the public. We were able to recover a kitchen knife stained with blood. The knife was with the community personnel one of them called Callypson Mulwa who is the head of the community policing within phase six. We went to check on the deceased and noted that she was stabbed on the right side of the abdomen.

We went back to the accused room 5 and found a small handbag, we searched the bag and we were able to find deceased National identity card and her names being Mariam Njambi Kimani. We interrogated the accused and she told us that she had stabbed the deceased, she told us that the deceased has been calling her on the phone abusing her, she told us that she lives with her husband namely Wainaina who was present during the incident. She further narrated that she knew that her husband had a love affair with deceased but he had firmly instructed her that to deal with the deceased if she comes to the plot.

I am the above mentioned police officer currently attached at Makongeni Police Post as the officer in charge.

I do wish to state as follows, on the 2<sup>nd</sup> day of December 2008 at about 10.00 pm I received a phone call from a Mr. Mulwa the Chairman Phase six Community Policing that a woman had been stabbed to death at phase six. I immediately called the Duty officet Sgt Yusuf and crime stand by officer PC Seroney who accompanied me to the scene. On arrival at phase six plot 182 we found a body outside the house which was covered with a blanket. I opened the blanket and found a body of a young woman lying in a pool of blood with a deep cut on the chest. The chairman of the community policing Mr. Mulwa gave a knife soiled with blood which was allegedly used to stab the deceased. We recovered the blood stained knife as an exhibit. Besides the body was a young woman by the name Mary Wanjiru Nguru who was suspected to have stabbed the deceased. We searched the hand bag of the deceased which we found in room No.5 of the same plot where the deceased had been stabbed. We found ID card bearing the name of the deceased as Miriam Njambi Kimani. In her handbag. Inside the room, there was a lot of blood, an indication that the deceased was stabbed there.

I interrogated the suspect Mary Wanjiru Nguru what happened and she informed me that the deceased whom she knew as the girlfriend to her husband came to her room and picked a quarrel with her. She got angered and picked a kitchen knife and stabbed her on the chest. Members of the public came to help the stabbed woman to hospital but died outside the house.

We arrested the woman and called scenes of crime personnel who photograghed the scene and the body. The body was then removed to Thika District hospital mortuary for identification and postmortem. The suspect was arrested and taken to Makongeni police post where she was charged.

That's all to state.

I am the above named male adult aged sixty nine years. I have a family of nine children including two of my deceased members of my household.

I remember vividly on the 3<sup>rd</sup> day of December 2008 at around 9.00 am, I got a telephone call from one Julius Gatharu who is my son in law that my daughter namely Miriam Njambi was found murdered the previous night on the night of 2<sup>nd</sup> December 2008.

During the time of calling I was at Gachoch, I was shocked and I decided to put on my clothes where I rushed to Thika via matatu, I came straight to Gatharu's shop where I met the caller at around 1200 noon where we accompanied each other to police station because I thought the accused was remanded at Thika. At around 1.00 pm I went to the mortuary where I viewed the body before transferring the deceased body to Bishop Okoye hospital for proper storage. After storing the body I went to my rural home where today I was called to record my statement to this effect. I want to put clear that the deceased was my daughter. She was my seventh born in my family.

**STATES AS FOLLOWS**

I am the above named police officer attached to Thika Divisional CID Headquarters performing investigation duties and I wish to state that on 3<sup>rd</sup> day of December 2008 at around 3.00 pm I was called by my DCIO Mr. Sunkuli SP and briefed me of a murder case which had happened the previous night. He further informed me that the accused person had been arrested and was being held at Makongeni Police Post and also the murder weapon (a kitchen knife) had been recovered. He therefore instructed me to take over the case from OCPP Makongeni together with PC Oteba and PC Guyo. Already PC Guyo had transferred the body of the deceased from Thika District hospital to Bishop Okoye.

Later in the evening I was accompanied by PC Oteba, PC Guyo and some of the family members to makongeni police post where I saw the suspect a lady by the name Mary Wanjiru Nguru in cells and took the murder weapon which had blood stains from PC Seroney who took us to the scene. When we got back to the station we found the husband of the assailant had come to police station and booked for interrogation one John Wainaina Mwangi. We then transferred him to Thika police station where we thoroughly interrogated him and recorded his statement and released him. I also recorded statements from the deceased sister where she was coming from when she went to meet death as well as her father. I revisited the scene on 5<sup>th</sup> December 2008 and drew a sketch plan. Also the same date I took the suspect to Thika District Hospital where her mental status was examined by DR. Karau and recorded statements from other witnesses from the plot and the security officer who reported the matter to police. She was found to be of stable mental condition.

I wish to state that my investigations revealed that the deceased who was ex-girlfriend to D-1 (John Wainaina) left her sister's house at Makongeni phase 10 saying that she was going to her residence at Ofafa but instead she went to makongeni phase VI plot No. 182 where her ex- husband was staying. On arrival she found the

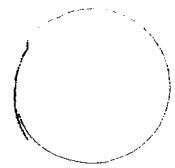

accused person who is the current wife to D-1 and an argument ensued. D-1 came to the house later and found the deceased seated in the sofa set while his wife (accused) standing behind her with her hands crossed behind her chest. Immediately after a short argument, the accused descended on the deceased stabbing her on the chest using a sharp kitchen knife and also stabbed her again on the back. The deceased fell on the floor with blood oozing from her body vigorously. Then D-1 managed to grab the knife from the accused person and kicked her falling down and threw the knife down. He then got terrified and screamed for help. Two ladies who reside at the next door rushed for help as the husband (D-1) ran out to look for a taxi. When he came back they tried to remove the deceased to the taxi but as they reached at the gate to the plot they realized that the deceased was dead. The assailant had admitted to the plot mates that she was the one who stabbed her dead as well as to the police and security personnel of the area.

D-1 then got confused and escaped as the accused was detained by the area security men and the knife (murder weapon) was recovered and police were informed. Later the scene was photographed and body removed to mortuary. Accused person was arrested and taken to Makongeni police post.

I wish to state that the accused person was responsible for the murder of the late Miriam Njambi and there is no doubt in that. I therefore charge the accused person with the offence of murder. I also wish to state that I never knew the accused person before.

That is all I can state at the moment.
